

Esland Grantham School

Performance Data

As an independent specialist school, the focus of our teaching and learning is preparing students for adulthood and equipping them for life in 21st Century Britain. When they are ready and able, our students take SATs, GCSEs, ELCs and a host of other qualifications and certificates.

Please be aware that because we are a small school with small cohorts there are occasions when individual students could be identifiable from the publication of performance data. In these circumstances, to protect our students' identities, this data is suppressed.

KS2 (end of primary school) results 2023-2024

Academic Progress made

English – 50%

Mathematics – 100%

- No Year 6 students – No Students entered for SATs
