

Performance Data 2026

As an independent specialist school, the focus of our teaching and learning is preparing students for adulthood and equipping them for life in 21st Century Britain. When they are ready and able, our students take a range of qualifications. Please be aware that because we are a school with small cohorts, there are occasions when individual students could be identifiable from the publication of performance data. In these circumstances, to protect our students' identities, this data is suppressed.

Results 2025-2026

Overall Achievement Rate: 61.5%

GCSE
Achievement rate
N/A

Functional Skills
Achievement rate
27.3%

Entry Levels
Achievement rate
86.7%
